Book brings action to Alaska's forest

Problems will always follow you, even into the forests of Alaska. After leaving Los Angeles to recover from the murder of her father's partner, an Heiress faces this truth.

In "Timberline Trail," a new book by Loren Lockner, the heiress is stalked by tabloids and two men who are convinced she knows more about the murder than acknowledged. Alone in the wilderness and facing a blizzard, she must escape the killers, relying on her neighbor for help. With the arrival of her ex-fiancé and the hidden agenda of her neighbor, she must race against time with her pet wolf to clear her name and prove her innocence to the man she loves.

Lockner has written romantic and mystery novels for years. After a road trip to Alaska, she fell in love with the state and was determined to include it in a romantic intrigue. Married with two teenaged children, she is currently working on a mystery novel based in Santa Barbara.

"Timberline Trail" is available in softcover (ISBN 1-58939-897-1) from Virtualbookworm.com, Amazon.com and [Barnes and Noble.com](http://BarnesandNoble.com).
